If you want to create a QR code, visit <https://it.qr-code-generator.com/> then select “text” in the menu and write down the information. When you’ve finished click on “create QR code” and it will appear on the left. You can download it as JPG image.

The screenshot shows the website 'Crea gratuitamente il tuo codice QR'. The interface includes a menu with options like URL, VCard, Testo (highlighted with a red arrow), E-mail, SMS, Facebook, PDF, MP3, Appstore, Immagini, and Multi URL. Below the menu is a text input field labeled 'Testo libero' containing 'Hello world'. At the bottom left, there is a green button labeled 'Crea un codice QR' with a red arrow pointing to it. On the right side, a QR code is displayed with a red arrow pointing to it. Below the QR code are links for 'JPG | EPS | SVG' and a green button labeled 'Scarica' (Download). A small circular logo with 'Can logo?' is visible in the top right corner.
